01 REAL TIME CAR RESERVATION AND MANAGEMENT

With the ZCarFleet app, every driver can view the fleet of cars in the pool available for business trips at any time, as well as request support, report malfunctioning during the trip, receive information about administrative or technical deadlines and view the status of their reservation.
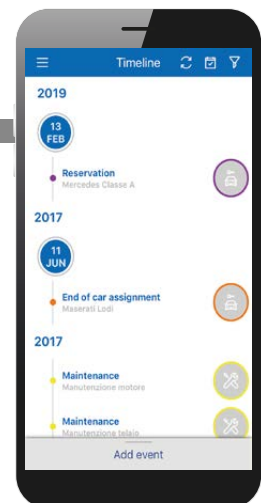

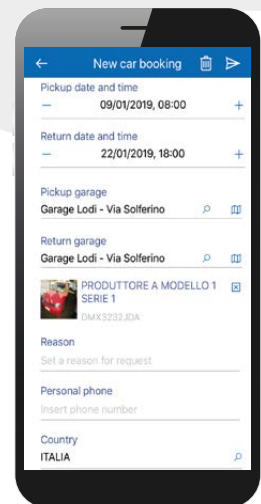

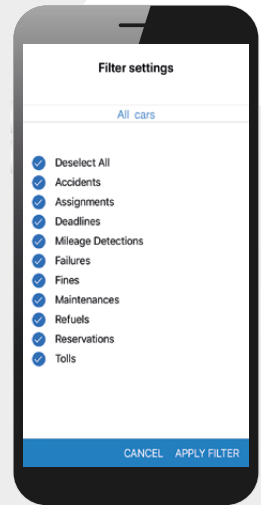

02 CONSTANT CONTROL OF THE VEHICLES IN THE POOL

The company fleet manager can use an automated, profiled car allocation system, which manages refueling, monitors the mileage and reports any servicing and deadlines by means of guided processes to ensure rapid and reliable car monitoring.

03 INTEGRATION WITH THE ZCARFLEET MANAGEMENT SOFTWARE

Thanks to the integration with the ZCarFleet management software, the app allows the driver and the fleet manager to be coordinated at all times, with all the necessary information always available in real time.
