01 A COMPLETE PORTAL FOR EVERYONE

The Zucchetti ZConnect Enterprise Edition App makes it possible to use tablets and smartphones for the functions of a complete Human Resources portal: all the useful tools for employees (communications, company news, personal documents) are accessible 24/7,

anywhere, making it ideal, for instance, for shift workers, on site personnel or commercial personnel who do not have a fixed workstation. In addition, inclusion of a personal photo means the app can be customized, making communication more modern and vivid.

02 SAFE AND CONSTANT COMMUNICATION BETWEEN BUSINESS AND EMPLOYEES

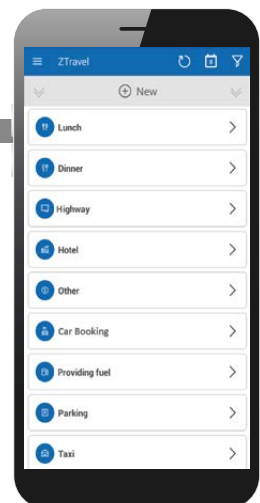

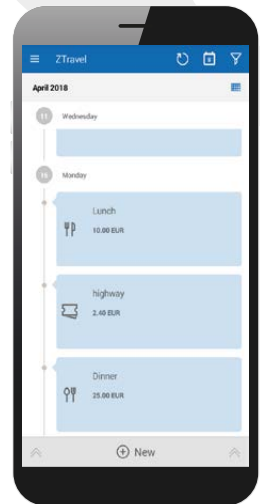

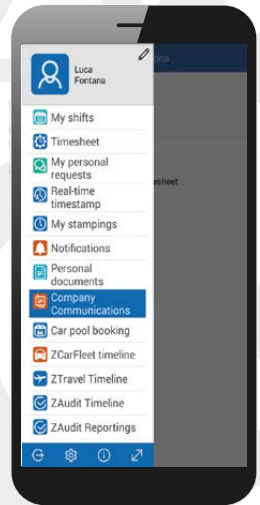

ZConnect becomes the contact channel of choice between the Human Resources department and employees, who can consult their personal documents (payslips, attendance sheet, tax return, annual leave plan); read communications and circular

letters and stay up-to-date on all the company news, in addition to receiving notifications as to the publication of new documents or communications. Maximum safety is guaranteed as every document is protected with the employee's identification PIN.

03 A SINGLE APP FOR ALL YOUR PERSONNEL MANAGEMENT NEEDS

The ZConnect app can also become the sole access gate for all the mobile functions of the Zucchetti Personnel Management range. In a single full application that is useful and simple to use, the company can create its own personnel-dedicated mobile platform: Attendance

clock-ins, shifts and timesheets, business trips, occupational safety and much more: with the ZConnect app, you can optimize your management processes and streamline your human resources activities.
