01 REAL TIME SUPERVISION OF YOUR TEAM

The ZScheduling Planner app facilitates the activities of managers who have a complete and up-to-date overview of their employees' activities and shifts in real time, with no need for a fixed workstation or a PC.

## 02 DISPLAY OF SHIFTS AND ACTIVITIES

The ZScheduling Planner app allows managers to see their team's shifts and the related supporting documents in different views (day, week, month), to manage the different activities easily and intuitively.

03 ALLOCATION OF ACTIVITIES TO REQUIREMENTS

Managers can assign their employees to different tasks according to their availability and skills, subsequently publishing the activities so that they are visible to individual workers.
