ZTimesheet
WORKING HOURS APP

01 WORKING DATA ALWAYS AT HAND

Thanks to the ZTimesheet app, you can record onto your tablet and smartphone the hours you have worked, allocate events to activities/projects/job orders, send your timesheet for validation and monitor the status of validations.

02 SIMPLE AND QUICK WORKING HOURS AND ORDER MONITORING

The events associated with clients, orders, projects and activities can be entered into the timesheet in daily, weekly, monthly mode or from favorites. The app also allows you to clock in and out of the activity, view clock-ins and justifications.
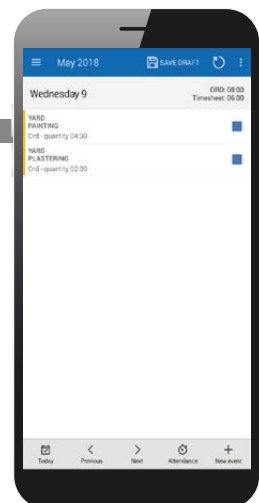

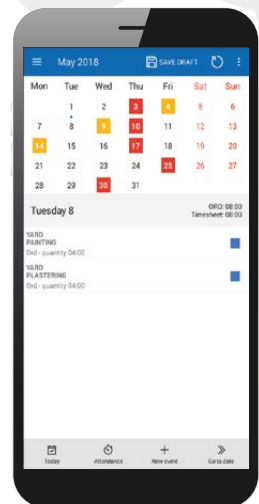

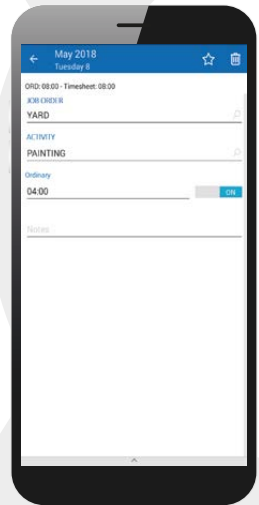

03 TOTAL INTEGRATION FOR A COMPLETE WORKFORCE MANAGEMENT

The ZTimesheet app allows employees and the company to save time thanks to its integration with the Zucchetti Infinity ZTimesheet management software and with the Infinity software for time & attendance, shif planning and business trip management.

The complete line of Apps
for all your business requirements!

A series of Business Apps to make managing every aspect of your business easier: shift planning, personnel clock-in/out, business trips and company carfleet management and much more, all thanks to the Infinity Zucchetti integrated platform for Human Capital Management.
